Andrew is a research and evaluation professional with over ten years' experience of economic development and social programmes. He has worked for public and private clients across the UK and internationally.

Andrew's research experience covers more than ninety assignments, including impact assessments and evaluations for initiatives promoting business growth, innovation, employment, skills, environment and health.

- Andrew works as an independent research practitioner and as an associate for several business consultancies
- He brings trust and reliability from longstanding consulting service, uncompromising quality standards and an open communicative approach to project management
- He has knowledge and experience of all stages of research design, implementation and reporting
- He offers up-to-date knowledge of the policy environment for multiple sectors and global issues
- He has strengths in evaluation planning, impact assessment, strategic review and developing funding bids
- He is a friendly and inclusive teamworker
- International experience from living and working in Ottawa, Canada between 2011 and 2014
- He is an active contributing member of the UK and Canadian evaluation societies
- Current and recent projects:
  - Evaluation of young people's entry to employment, training and support, Staffordshire
  - Impact assessments of high tech manufacturing facilities, South Yorkshire & Birmingham (Kada)
  - Further Education market analysis, Yorkshire (Sero)
  - Evaluations of business funding and growth support, Leeds & Oxfordshire (Kada)
  - Inward investment analysis, English Midlands (Clarity)
  - Evaluation of climate change mitigation and innovation programme, multiple EU locations (Kada)
  - Local economic strategies, Surrey & Hampshire (Kada)
